

# PRACTICO™

Manual operating table

---

For general and  
specialised surgery

OPERATING ROOM

## Wide variety of set-ups for different surgical procedures

The new hydraulic Practico is a versatile manually operated table model that enables a wide range of configurations for general and special surgery also in sites lacking electricity.

The operating table accommodates also larger patients, and offers excellent access to the operated site thanks to its design and adjustments options.

Additionally, the rust proof table top design makes the table suitable also for demanding climate conditions.

Reverse Trendelenburg

## Features

Trendelenburg

Reflex

Flex

Gas-spring assisted lateral tilt

## Lots of benefits for the surgical team

- Excellent access for the surgical team to the patient
- Versatile – use the same table for a wide variety of surgeries
- Faster turnaround times thanks to easy set-up
- Compatible with many of the same accessories and table top sections as other Merivaara tables (Practico electro-mechanical and Promerix)
- C-arm and X-ray compatible
- Suitable for humid weather conditions thanks to corrosion-free material

## Features

Divided leg sections  
(optional accessory)

Light foot rest for use during  
set-up (optional accessory)

Hydraulic height adjustment

# Patient positioning

Lateral position with flex or kidney elevator for kidney/thorax surgery.

Lateral position for general surgery without kidney elevator.

- Practico manual is classified as class I medical device according to European Council; Directive 93/42/EEC Class I (Annex IX)

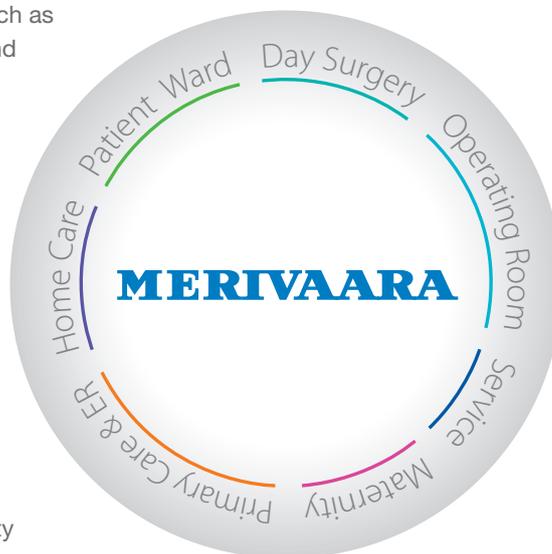

# Solutions for efficient physical patient flow and well-being

Merivaara provides a wide range of hospital-grade furniture such as operating tables, medical lights, examination tables, trolleys and stretchers for transportation and day surgery, as well as birthing and patient beds. Our versatile product offering enables convenient and cost-effective physical patient flow within the hospital, in day surgery and health clinics, as well as in nursing homes and home care. Our priority is to enhance comfort and well-being of both patients and their caregivers.

Established in 1901, Merivaara has more than 100 years of experience in designing and manufacturing hospital-grade furniture. Today, our products are highly appreciated by users in more than 100 countries thanks to their ease-of-use, durability and ergonomic design.

Merivaara's products are CE-labelled and the company's quality management system complies with EU directives for medical device, and is certified by DNV according to ISO 9001:2008 and ISO 13485:2003 standards. The company's environmental management system is ISO 14001:2004 certified.
